

AWAN Environmental Policy Statement 2012

AWAN International General Trading W.L.L., et al, is committed to reducing their impact on the environment by promoting good environmental practice. We will continue to strive to improve our environmental performance over time and to initiate this practice as a priority for our Company. Even though the entirety of AWAN's activities has a relatively minimum impact, our commitment will further reduce our effects on the environment.

Our commitment to the environment extends to our customers, our staff, and the community in which we operate and conduct business. We are committed to the following:

- Comply with all applicable environmental regulations;
- Prevent pollution whenever possible;
- Minimize consumption through the reduction, reuse or recycling of materials as much as possible;
- Encourage efficient use of energy, utilities and natural resources, especially where these are non-renewable;
- Prevent pollution by reducing the amount of waste arising from its activities;
- Communicate our environmental commitment and efforts to our customers, staff and our community;
- Contribute to the local community by being more involved in immediate environmental issues and volunteer, when possible, to help resolving such;
- Whenever possible, purchase products and services that have the least damage to the environment and encourage others to do the same;
- Promote our product, **AWAN PRA OILFIELD SOLUTION**, (which is a 100% water based, non-toxic/ non-carcinogen, environmentally safe, hydrocarbon remediation additive for use in all phases of the oil industry), to the best of our abilities, as this can be our single largest contribution to the environment;
- Ensure that all **AWAN** employees understand our environmental policy and conform to the highest standards required.
